

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. 79-159

AMENDING ORDER NO. 78-23

WASTE DISCHARGE REQUIREMENTS FOR:

CASTLEWOOD COUNTRY CLUB

AND

ALAMEDA COUNTY SERVICE AREA R-1967-1

PUBLIC WORKS AGENCY

COUNTY OF ALAMEDA

PLEASANTON, ALAMEDA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region (hereinafter Board), finds that:

1. The Board adopted Order No. 78-23, March 21, 1978, prescribing waste discharge requirements for the Castlewood Country Club's private sewage treatment system and disposal facilities. This Order prohibited discharge to surface waters and cited the Club's stated intent to terminate use of its private treatment and land disposal facilities and transport its untreated sewage to the Dublin-San Ramon Services District waste treatment facilities (for treatment and disposal), via a proposed force main and an existing interceptor.
2. On May 22, 1979, the County of Alameda added sewer services to Alameda County Service Area R-1967-1 and assumed responsibility for the construction and operation of the proposed transport facilities. Castlewood Country Club is still responsible for the operation of the existing facilities.
3. Order No. 78-23 stated that the Board would amend its requirements to include a detailed time schedule, following receipt of a satisfactory technical report. On October 3, 1979 the County's consultant submitted a satisfactory compliance time schedule to plan, design and construct the necessary facilities to eliminate the threat of wastes being discharged to surface waters.
4. Castlewood Country Club and the County of Alameda and interested agencies and persons have been notified of the Board's intent to revise requirements for the existing discharge and have been provided with the opportunity to submit their written views and recommendations.
5. The Board, in a public meeting, heard and considered all comments pertaining to the discharge.
6. This project involves the continued operation of a privately-owned sewage treatment and disposal facility with negligible or no expansion of use beyond that previously existing. Consequently, this project will not have a significant effect on the environment based upon the exemption provided in Section 15101, Title 14, California Administrative Code.

IT IS HEREBY ORDERED, that Castlewood Country Club and Alameda County Service Area R-1967-1, pursuant to the provisions of Division 7 of the California Water Code, and regulations adopted thereunder, and to the provisions of the Federal Water Pollution Control Act, as amended, and regulations and guidelines adopted thereunder, shall comply with the following amendments to this Board's Order No. 78-23:

1. The following paragraph replaces paragraph "5" of "C. Provisions":

"5. Castlewood Country Club and Alameda County Service Area R-1967-1 shall comply with the following time schedule to assure compliance with this Order:

<u>Task</u>	<u>Completion Date</u>	<u>Report of Compliance Due</u>
a. Submit Step 1 Facilities Plan	May 15, 1980	June 1, 1980
b. Status Report		December 1, 1980
c. Complete construction, and Final Compliance (i.e. terminate use of existing treatment plant and cease discharge of wastes).	March 15, 1981	April 1, 1981"

2. The following paragraph is added as paragraph "6" of "C. Provisions":

"6. This Order expires July 1, 1981."

I, Fred H. Dierker, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, San Francisco Bay Region, on **December 18, 1979.**

FRED H. DIERKER, Executive Officer
